IPED provides comprehensive executive coaching and mentoring for physicians. Dr. Rick Chamberlain, 2nd year New York Medical College, President of the Northeast Section of The American Diabetes Association. IPED offers a unique approach to building and sustaining leadership. Dr. Royce Simmons teaches physician executives how to develop and deliver powerful communication skills, using a human performance approach to develop even the most senior leaders. The Institute of Physician Executive Development (IPED) is a unique business training/coaching division that specializes in helping physician executives and their entire management team build and sustain a level of high performance leadership. IPED's unique approach to leadership training and coaching has been used by more than 100 physicians in the United States and around the world. Simmons has written 19 international books and a national best-selling daily newsletter that address the five personal skills needed to succeed in business and leadership. A key element of IPED's
